

# Striking Tools

## COMFORTABLE

Use the special heat treatment at the base to make the base's intensity stronger than the body's intensity and reduce the counterforce when knocking and reduce the harm of hand when operating.

## Shock Absorb

- Soft surface, no damage to object surface.
- Metal sands inside absorb striking shock and reduce rebound force.
- The handle is made of steel and covered by rubber, strong in use.

## Segmented heat treatment

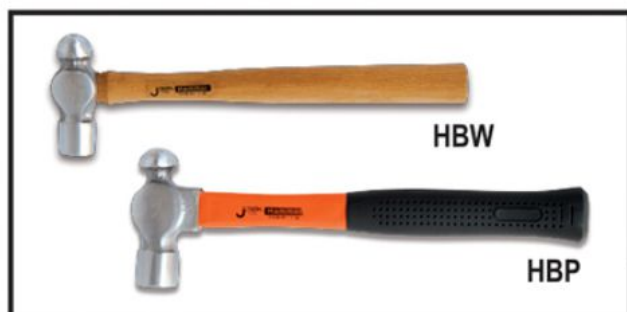

Heat treatment ensures hammer heads higher hardness, reduce strike rebound force and also avoid hurt to hand.

## Lighter and stronger handle

Accuracy in accordance with Din standard.  
60Cr.V material  
Chrome plated, antirust

## 木柄/菲吧柄圆头锤

### Ball Pein Hammer - Wooden / Fibre Glass

Model No.	Weight (oz)	Packing
